

Photovoltaic Systems

Enjoy the financial benefits of harnessing Energy from the sun.

We supply a broad range of PV systems, including both monocrystalline and polycrystalline solar panels in various output classes and produced by leading manufactures.

The Recowatt team has been trained by SMA themselves in the design and installation of PV systems, with training of the personnel conducted at the SMA plant in Germany.

Benefits

LOW COST CLEAN ENERGY

- Benefit from feed-in tariffs issued by the local government
- Reduce CO2 emissions
- Flexible and easy installation
- Low operating and maintenance cost

HIGH END SYSTEMS

- High efficiency modules offering more than 15% efficiency
- Mounted on aluminium certified structure
- High performance inverter with minimal internal losses

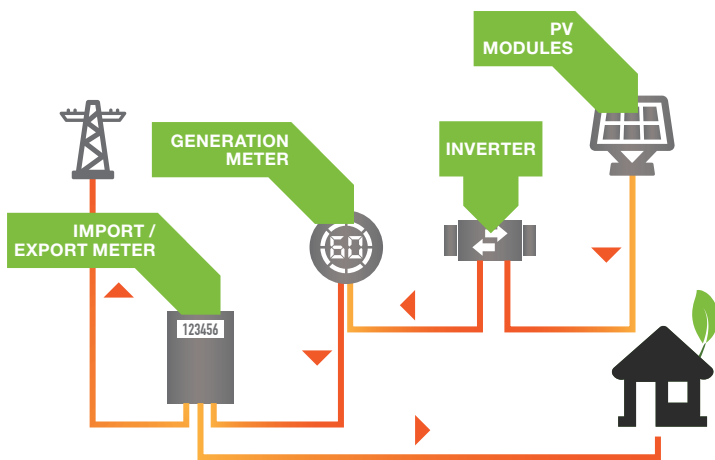

SECURE INVESTMENT

- Durable with a normal life cycle exceeding 25 years
- All systems backed with reliable manufacturer warranties
